### ⚠ CAUTION

- When connecting a DOSATRON either to the public water supply or to its own water source, you must respect the regulations in force concerning protection of the source i.e. backflow prevention, etc.

- Contact local authorities for requirements of backflow prevention.

- When installing, operating, and maintaining the DOSATRON water powered metering pump, keep safety considerations foremost. Use proper tools, protective clothings, and eye protection when working on the equipment and install the equipment with a view toward ensuring safe operation.

- Follow the instructions in the manual and take additional safety measures appropriate to the liquid being pumped and the temperature of the water that powers the DOSATRON. Be extremely careful in the presence of hazardous substances (e.g. corrosives, toxins, solvents, acids, caustic, flammables, etc.).

- Before applying any aggressive chemicals, please consult your distributor to confirm compatibility with the dosing pump.

⚠ **Hand tighten. No tools needed.**

### RECOMMENDATIONS

**DO NOT USE THIS UNIT WITHOUT A 60 MICRON [300 MESH] WATER FILTER***
**OR YOUR WARRANTY WILL BE VOID.**

*The 60 micron [300 mesh] water filter (sold separately) protects your unit from debris in the water that causes scoring to the piston and housing.

**KNOW YOUR WATER FLOW!**
**GRADUALLY TURN ON THE WATER.**

**COUNT THE NUMBER OF CLICKS IN 15 SECONDS. DO NOT EXCEED 46* CLICKS.**

**CLICK CHART**

| Clicks/15sec | l/h | Clicks/15sec | l/h |
|---|---|---|---|
| 2 | 130 | 16 | 1020 |
| 4 | 260 | 32 | 2040 |
| 8 | 510 | 46 | 3000 |

⚠ **MAXIMUM PRESSURE 6 bar* [85 PSI]**

*4 bar [57psi] D3RE25IE
